

Lipflé

Hyaluronic Acid 24mg, Vitamin B12, PDRN

Product Specifications

Product Name : Lipflé

Classification : Cross-linked HA filler

HA type : Mono-phasic

Volume : 1.2ml / syringe

Indication : Lips

Shelf life : 24 months

Ingredients :

Cross-linked Hyaluronic Acid 24mg/ml

Vitamin B12, PDRN, mannitol

Main Ingredients

[Hyaluronic Acid]

HA attracts and retains moisture, keeping skin hydrated and plump.

[Vitamin B12]

Vitamin B12 gives lips a temporary red hue, enhancing their appearance.

[PDRN]

PDRN promotes tissue regeneration, reduces inflammation, and boosts collagen production.

[Mannitol]

Mannitol hydrates skin, creating a plumping effect that adds volume and reduces wrinkles.
